A screenshot of a web browser displaying the Marvel Developer Portal. The URL 'canva.com' is visible in the address bar. The page features a large 'MARVEL' logo in red and white. A navigation bar includes links for 'VIDEOS', 'CHARACTERS', 'COMICS', 'MOVIES', 'TV SHOWS', 'GAMES', and 'NEWS'. Below the navigation is a secondary menu with 'DEVELOPER PORTAL', 'How-Tos', 'Interactive Documentation', 'My Developer Account', and 'Help'. The main content area has a dark background with a network of glowing blue lines. On the right side, there's a partial image of Iron Man's face. The central text reads: 'CREATE AWESOME STUFF WITH THE WORLD'S GREATEST COMIC API'. Below this, a paragraph explains: 'The Marvel Comics API allows developers everywhere to access information about Marvel's vast library of comics—from what's coming up, to 70 years ago.' A red button at the bottom left says 'GET STARTED'.
